FORDSON

Fleur de Lis

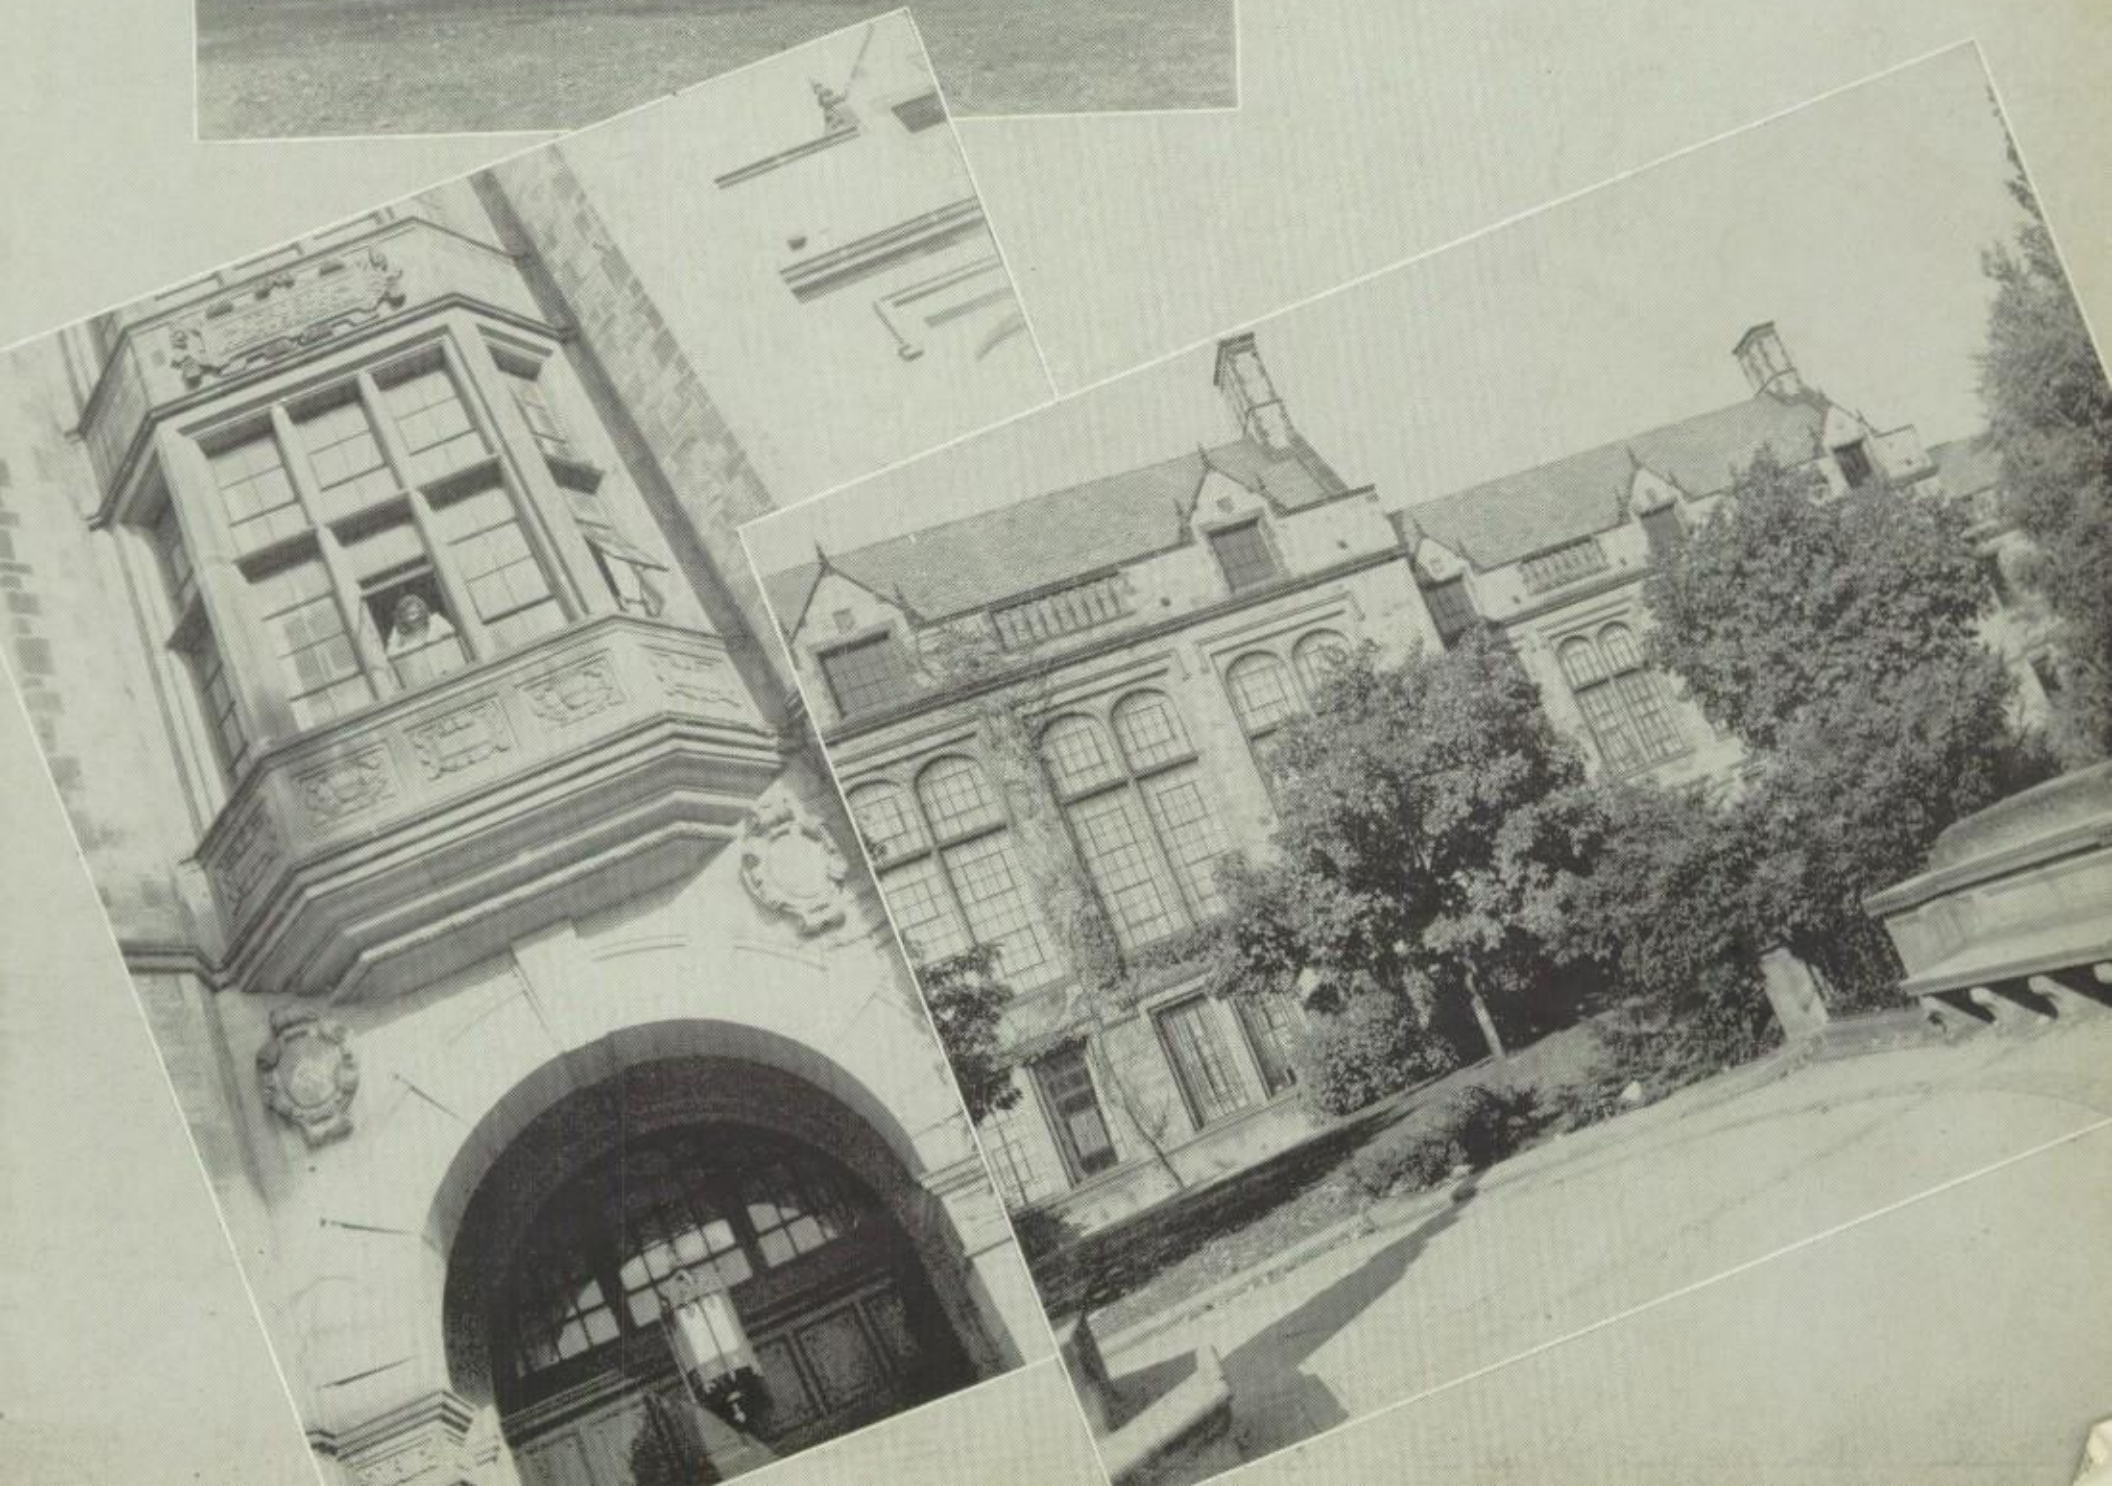

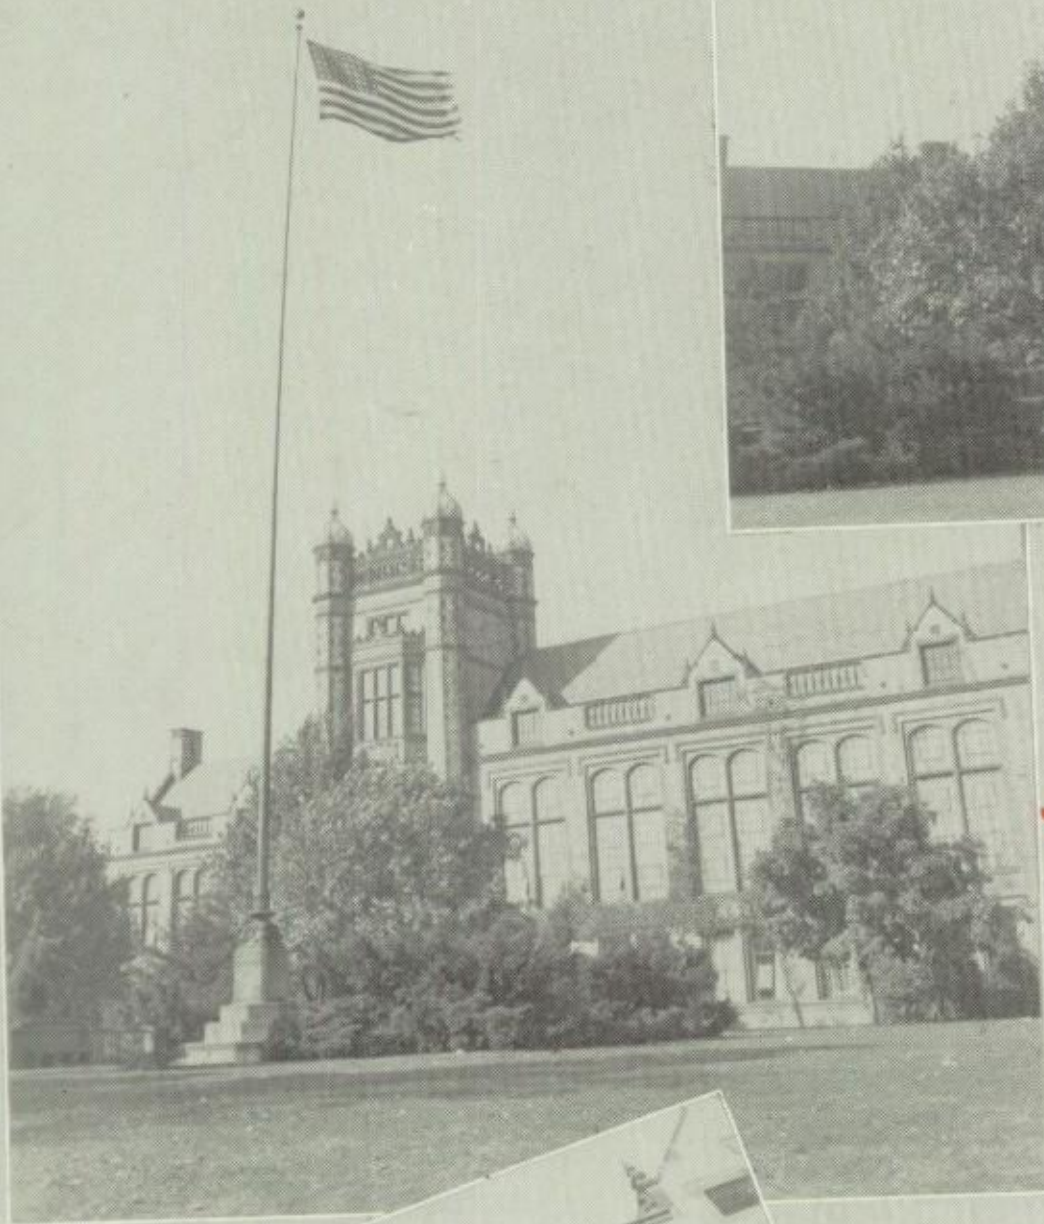

JUNE, 1945

DEARBORN, MICHIGAN

WE VIEW

THE SCHOOL...

A PRIVILEGE . . .

• Familiar sights after the sale of War Stamps and Bonds every Wednesday morning are (*upper right*) Mr. Wade Smith counting some of that stuff called money . . . while his able assistants Dianne Vaughn (*upper left*), Jean Mains (*lower right*) and Nella Serrechia (*lower left*) stack nickels, dimes and quarters.

• Congratulations to the boys in Mr. Murrill Woolford's homeroom . . . for being the first group to be 100 per cent on the purchase of War Bonds!

• To open assemblies . . . students give the Oath of Allegiance to the flag and sing "The Star Spangled Banner."

• Betty Gidilewich views the armed forces bulletin board which features pictures of Fordson's many boys in the service of their country.

• A typical day in the halls of Fordson . . . showing the service squad monitor who keeps traffic moving efficiently . . . as book-laden students pass statues . . . bulletin boards . . . friends.

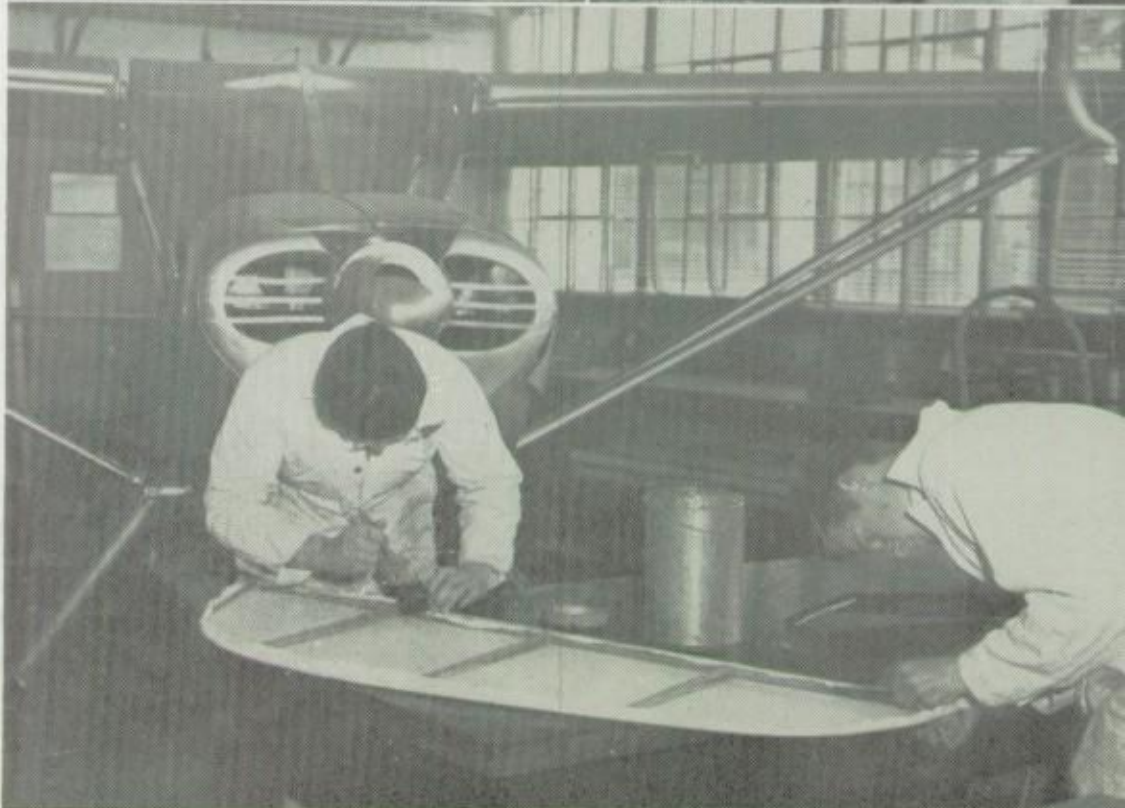

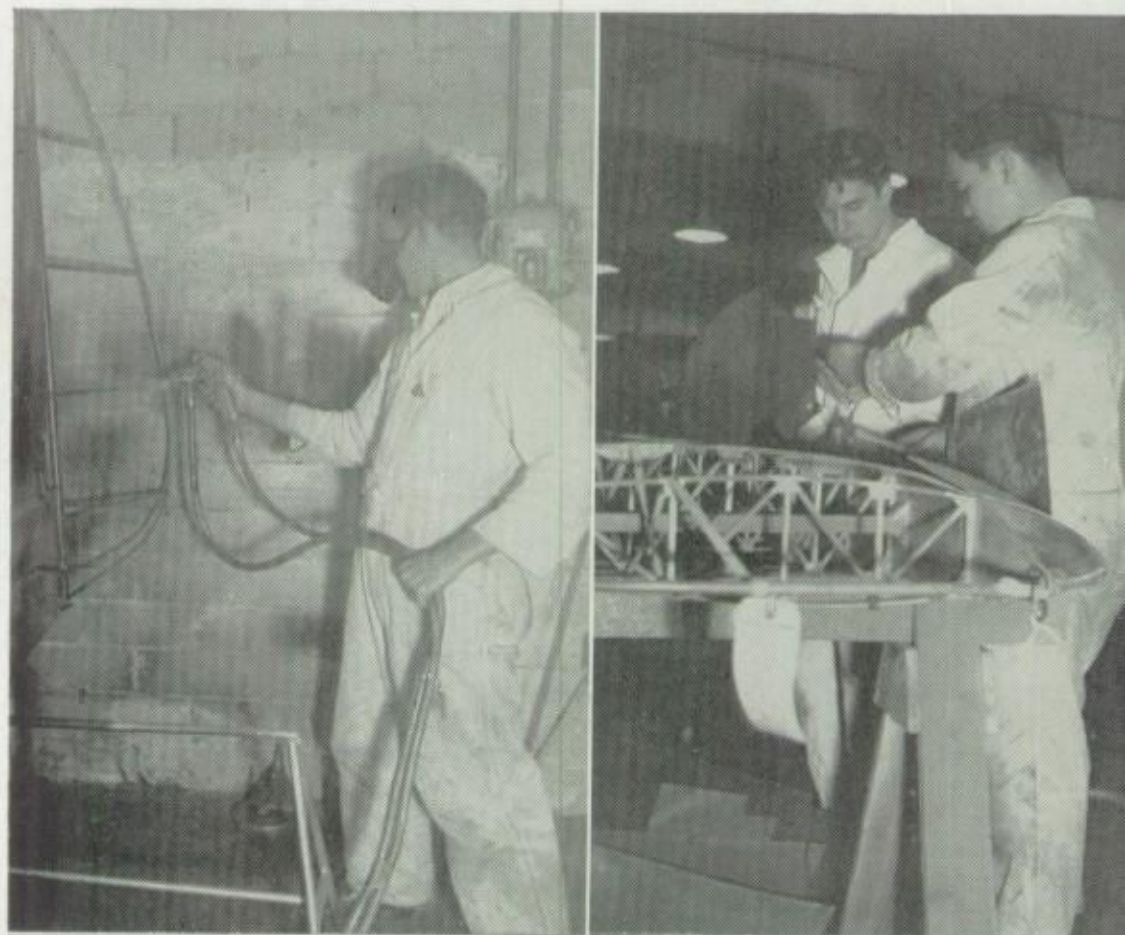

• Home Nursing classes provide practical, practicable experience for all girls who elect it . . . The classes are divided into groups . . . and girls take turns being patients and nurses . . . (Top) Nurse Dorothy Ostland feeds her patient . . . Betty Simpson . . . a well-planned diet on an impromptu bed side table that the class improvised . . . (Bottom) Dorothy Nadroska helps Thora Taylor drink a glass of water . . . while Rosalind Pereira feeds Muriel Scrutton.

FIELDS OF

• Disabled planes have been brought to the aero shop for the boys of that department to work on . . . and eventually put back into working order . . . (Upper left) Equipped with spray gun . . . Eugene Sikorsky refinishes a part of the tail . . . (Upper right) Bob Kramer and Don Mayville repair wooden ribs . . . (Bottom) One of the planes used by students is in the background . . . while in the foreground the two young men are re-covering a control surface.

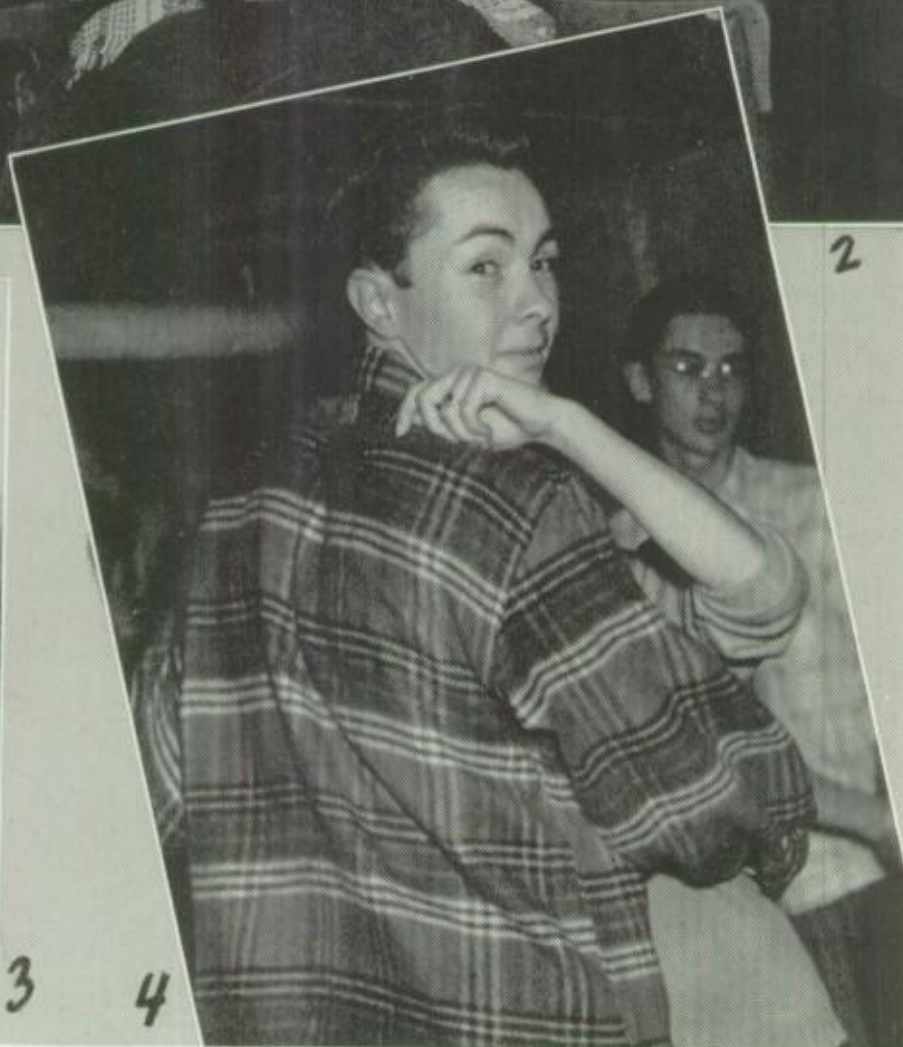

• Several years ago a graduating class presented the Public Address system to the school . . . Many times since then it has been proved a great asset . . . Paul Hare is one of the several boys who operate it during the day.

OPPORTUNITY

• Mary Aleen Pett takes advantage of one of the opportunities offered to Fordson students . . . organ lessons . . . These six seniors (*below left*) are among those from the art department who . . . along with their class work . . . have done art work for the school . . . Joyce Anastos, Barbara Carter, and Helen Kendrot (*left*) . . . and Joe Meinhard, Richard Czich and Mildred Hull (*right*) . . . make posters . . . (*lower left*) Eleanor Kinken works in a clothing class . . . an opportunity which will prove useful to many girls . . . now and in the future.

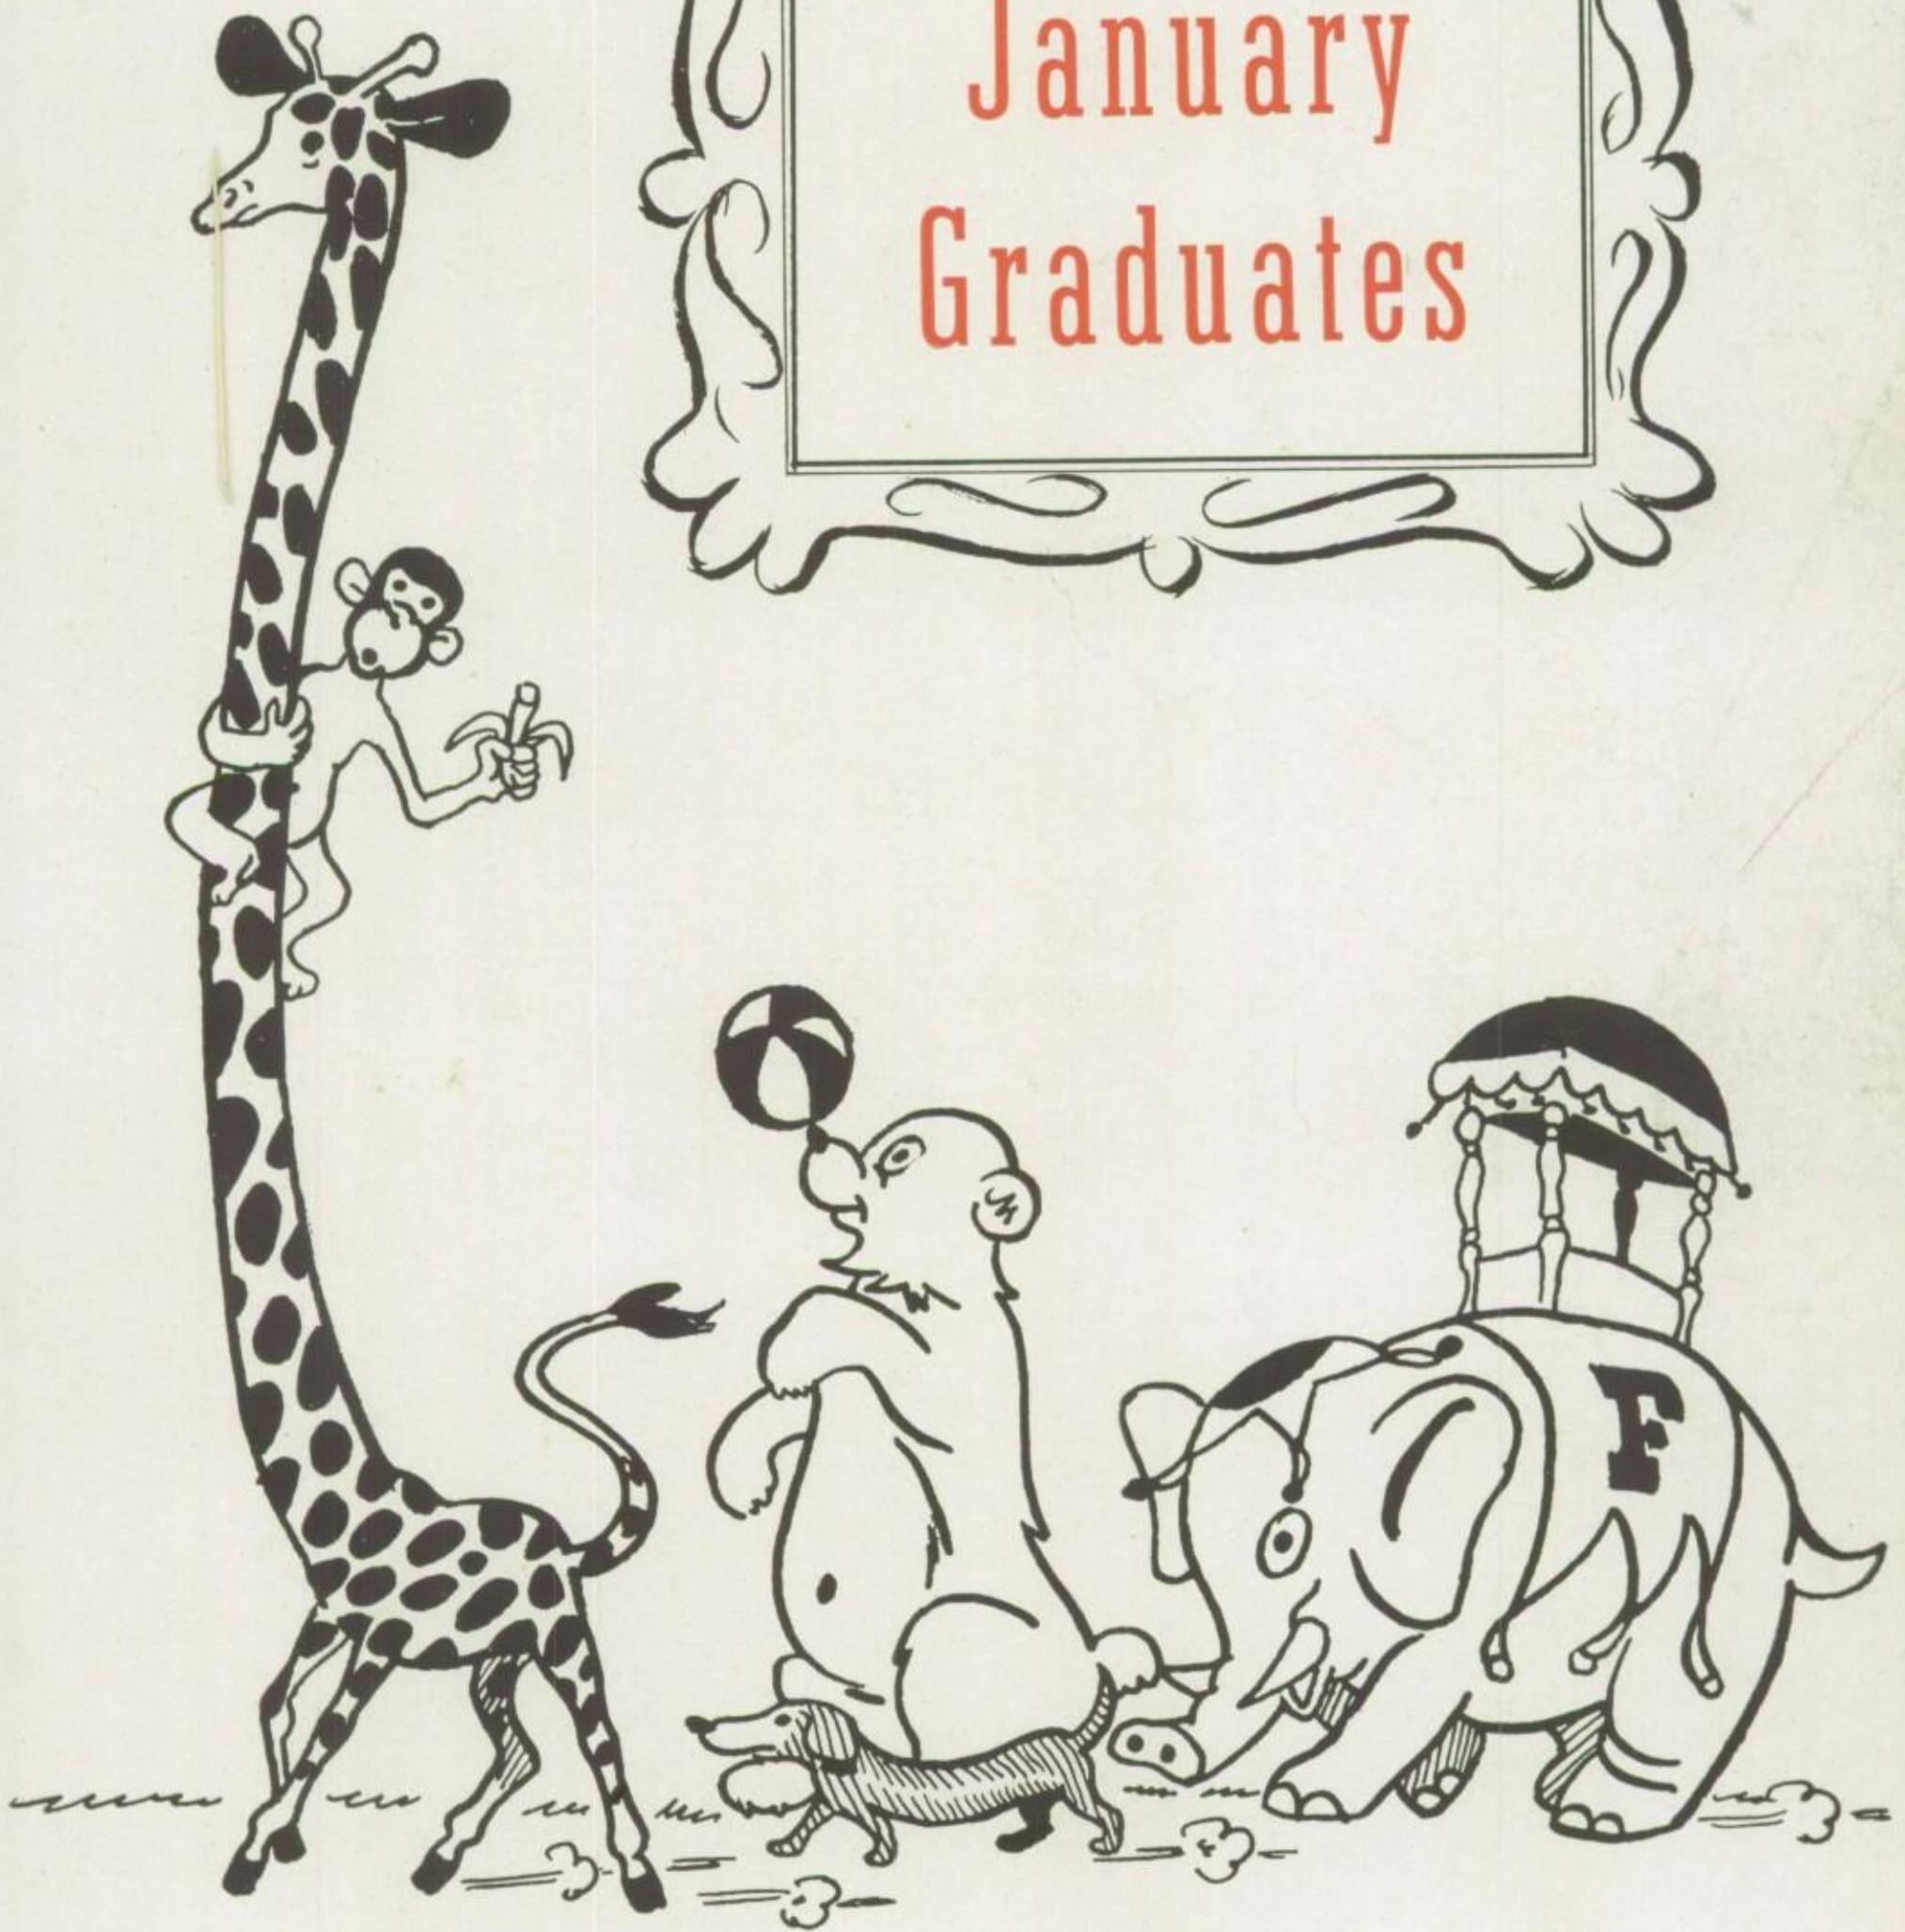

3 4

● (1.) The puzzled look belongs to Darrel Ladell, freshman, who seems to be having trouble getting his directions straight . . . Tom Peterson, knowing senior, in the garb of a Hi-Y initiate, lends a helping hand. (2.) Jack Frank appears engrossed in what Ken Manual, radio commentator, had to say at one of the Hi-Y meetings. (3.) This could very easily be called "Five Girls and a Sailor." Among the Navy's admiring throng are Joanne Christensen, Marie Gauthier, Violet Kovach, Betty Gidilewich, and Frances Cameron. (4.) Dave Greene "swings it" with his date, Irene Kempa . . . while Tom Fritchek looks on.

● Apparently the man-power shortage hasn't had its effect on Fordson . . . Full proof of this is the handsome faces of Howard Ternes, Bob McRae, Bert Wells, Horace King, Ken Richard, Wes Geer and Dave Greene.

Superintendent

• This year the schools of our city have merged into one school district . . . It is now called the Dearborn Board of Education . . . The change has brought with it many problems . . . and has kept the board busy . . . As usual the board has met these problems as all other matters with the efficiency for which they are noted . . .

TOP NOTCHERS...

• Principal Dean C. Tate . . . reading a letter from a Fordson alumnus in service . . . looks up to flash the cameraman a smile . . . Judging from the size of the pile of papers on his desk . . . he seems to be kept quite busy.

• One of Assistant Principal Harry Huller's many tasks . . . is organizing the complicated system of class schedules . . . He is also head counsellor in the advisory system . . . takes care of the girls and boys . . . is head of the science department . . . supervises publication of the school bulletins every day.

• Seeing that library fines are paid is only a small part of Assistant Principal Ralph Wonders' daily job . . . Others are taking care of absence excuses . . . and dealing with discipline problems . . . Here he tries to straighten out a matter between Librarian Jessie Bodle and George Zaffiris.

- Elizabeth Boodakian . . . secretary to Mr. Tate . . . stops him to discuss one of the many daily problems . . . Miss Boodakian takes care of office correspondence and does other secretarial work.

- The phone seems to ring continually on the desk of Mrs. Mary Garing . . . attendance clerk . . . Absence excuses make up a large portion of the calls.

- Mrs. Nettie George . . . an important cog in the office machinery . . . goes over various school records with Donna Bergquist . . . one of the many graduating students . . . Mrs. George checks all twelfth grade students' credits before they are allowed to graduate . . . helps Mr. Huller get the daily programs . . . and takes care of all office records.

- The high school office . . . nucleus of school life for all Fordsonites . . . with its ringing phones . . . constant coming and going of students and teachers . . . lost articles . . . conferences . . . and the general hum of well organized activity . . . Seniors are found in throngs around Mrs. Nettie George's desk having their credits checked . . . absentees fill the office every morning to get their approved or unapproved slips . . . a few wait outside Mr. Tate's, Mr. Huller's or Mr. Wonders' offices for consultation and guidance.

STRENGTH IN UNITY...

• This year's team really tried . . . a swell bunch of fellows who really got in there and punched it out . . . against odds all the way Under the supervision of the best of coaches . . . these boys put all they had into it It wasn't just a certain few Without the combined, unselfish efforts of the team as a whole . . . we most certainly wouldn't have pulled through Short or tall . . . fat or skinny . . . it takes all kinds to make this type of team

• Little things count too . . . Without the support of the gang in the stands all the way . . . yelling their heads off at a good or bad play . . . the Tractors couldn't have pulled out on top Maybe the uniforms weren't always clean and trim . . . more proof of a slugging team Clean or not . . . these uniforms set an example for all-around sportsmanship.
